

Tribute by one of Guatemala's leading publishing houses.

“The Pensativa family extends its sincere condolences to the family, colleagues and friends of academic anthropologist and human rights defender Diane M. Nelson, remembering her with appreciation as a gentle collaborator of this press, and recognizing her as a creative, generous and innovative intellectual who contributed with her research to the analysis of Guatemala's counterinsurgency war. We bid her farewell with sadness, remembering her as the brilliant star she was.
